THE COUNTY
BEERHOUSE

“

Me and my partner booked out The County Beerhouse for our wedding reception and we can honestly say we are so happy with the choice we made. From the onset, communication was impressive; any questions we had were answered the same day, with clear detail. Likewise, it felt like they made a conscious effort to make sure the process of planning was stress-free and as smooth as possible for us. On the day the staff were absolutely lovely, even putting the effort in to experiment with mocktails to make sure non-drinkers had fun too. We had an amazing time, and couldn't recommend enough.
